Heavy duty dual purpose sheeter!

The Friul M61 dough sheeter has a unique heavy duty design that is dual purpose. It will spread a round pizza base up to 51cm in diameter and can also sheet a 60cm x 40cm rectangular base. These pizza rollers are ideal for pizzerias offering traditional round or slab / party style pizzas.

Up to 2000g of dough can be passed through the M61 dough sheeters' chain driven, 90mm diameter stainless-steel rollers. Safety features include dual stainless-steel interlocked guards over rollers and fail-safe circuit with emergency stop button.

The guards, dough scrapers and back plate are easy to remove for thorough cleaning.
